Earned Multiple Certificates
55 of 92 learners

86%
Program Completion Rate*

81 Graduates with at least one certificate

5 Completed the full Fundamentals of Data Science path

CERTIFICATES AWARDED BY PROGRAM

EQUITY & REPRESENTATION

55% Women

50% BIPOC

60% Low Income

10% Veterans

88% Received Scholarships

WHAT STUDENTS TELL US

85% could not have trained without financial assistance

85% are already using their new skills at work

77% have helped someone else pursue training or a career step

WORKFORCE & ECONOMIC IMPACT

- **$629,550 invested in training Omaha-area workers**: tuition funded by the Tech Access Fund, WIOA, employers and ODSA scholarships, 2023 – Summer 2026, plus $77,100 for students enrolled in Fall 2026
- Hands-on training with the tools employers use, taught by practicing data scientists
- New in 2026: AI Systems & Automation, with 4 of 6 students earning the certificate in its first term and a fifth leaving early for a job
